

MINUTES OF MEETING

Date: 18.03.2026

A meeting was held on 18th March 2026 at the Conference Hall of Rajasthan State Pollution Control Board, Bhilwara, under the Chairmanship of District Collector, Bhilwara, along with undersign and other officials from Rajasthan State Pollution Control Board (RSPCB), Regional Office Bhilwara, Representatives from Textile Process Houses located at Chittorgarh Road, RIICO Hameergarh etc, and Representatives of Desire Energy Solutions Pvt. Ltd.

It has been informed that, Nagar Nigam, Bhilwara has made an agreement with Desire Energy Solutions Pvt Ltd, to procure treated water from STP of Bhilwara having capacity of 30 MLD, to same shall be provided to Textile Process Houses or any other industries located within Bhilwara and using fresh water/ground water on day to day basis for industrial use. As per the discussions held previously with the representatives of Desire Energy Solution Pvt Ltd, it has been proposed, that in first phase, they are planning to lay down pipeline at Chittorgarh Road, Bhilwara for supply of Treated water of STP.

Several interactions have been held with the textile process houses located at Chittor Road have been done earlier regarding their requirement, parameters etc.

This meeting was held to deliberate and to take final decision upon the feasibility and implementation of reuse of treated wastewater from 30MLD STP in Kuwada for industrial applications in Bhilwara region specially at Chittorgarh Road, in its First Phase.

It was discussed that considering the increasing stress on groundwater resources in Bhilwara district, there is a pressing need to promote reuse of treated wastewater in industrial processes.

It was unanimously decided and approved by District Collector, Sir, Bhilwara, that a Technical Committee shall be constituted comprising of nominated technical

The committee may seek technical inputs and opinions from independent consultants and reputed boiler manufacturers and technology providers, which may include Thermax India, Isgec Heavy Engineering Ltd, Energy pack Boilers etc. to ensure a comprehensive and technically sound evaluation.

The committee shall submit its findings and recommendations within a timeframe of 30 days to the undersigned, so that same shall be apprised to District Collector Sir, Bhilwara, for finalisation of decision, in this regard and to facilitate policy direction and implementation of treated wastewater reuse in Bhilwara industrial cluster.

The meeting concluded with a consensus among administration, industries, and stakeholders on the importance of promoting treated wastewater reuse as a sustainable solution for water conservation and industrial water security. Formation of the technical committee is considered a critical step towards structured implementation.
